

# **Yearly Status Report - 2018-2019**

Part A				
Data of the Institution				
1. Name of the Institution	Indian Agricultural Research Institute			
Name of the head of the Institution	DR ASHOK KUMAR SINGH			
Designation	Director			
Does the Institution function from own campus	Yes			
Phone no/Alternate Phone no.	01125842367			
Mobile no.	9899045037			
Registered Email	director@iari.res.in			
Alternate Email	aks_gene@yahoo.com			
Address	IARI, PUSA			
City/Town	NEW DELHI			
State/UT	Delhi			
Pincode	110012			
2. Institutional Status				

University	Deemed
Type of Institution	Co-education
Location	Urban
Financial Status	central
Name of the IQAC co-ordinator/Director	DR PRAMOD KUMAR
Phone no/Alternate Phone no.	01125842367
Mobile no.	9910633210
Registered Email	incharge_pme@iari.res.in
Alternate Email	pramod_iari@yahoo.co.in
3. Website Address	
Web-link of the AQAR: (Previous Academic Year)	https://iari.res.in/files/Latest- News/AQAR_REPORT_2017-18.pdf
4. Whether Academic Calendar prepared during the year	Yes
if yes,whether it is uploaded in the institutional website: Weblink:	https://iari.res.in/index.php?option=com_content&view=article&id=633&Itemid=196

# 5. Accrediation Details

Cycle	Grade	CGPA	Year of	Vali	dity
			Accrediation	Period From	Period To
1	A+	3.51	2016	16-Sep-2016	15-Sep-2021

# 6. Date of Establishment of IQAC 11-May-2017

# 7. Internal Quality Assurance System

Quality initiatives by IQAC during the year for promoting quality culture					
Item /Title of the quality initiative by IQAC	Date & Duration	Number of participants/ beneficiaries			
Research Advisory Committee Meeting	17-Dec-2018 2	42			

Academic Council Meeting	08-Feb-2018 1	41		
Academic Council Meeting	07-Jul-2018 1	44		
Academic Council Meeting	14-Dec-2018 1	32		
Extension Council Meeting	12-Sep-2018 1	37		
IQAC meeting	24-Jul-2018 1	8		
No Files Uploaded !!!				

# 8. Provide the list of Special Status conferred by Central/ State Government-UGC/CSIR/DST/DBT/ICMR/TEQIP/World Bank/CPE of UGC etc.

Institution/Departmen t/Faculty	Scheme	Funding Agency	Year of award with duration	Amount
Division of Agricultural Economics	Centre of Advanced Faculty Training (CAFT)	ICAR	1995 9855	852720
Division of Plant Pathology	Centre of Advanced Faculty Training (CAFT)	ICAR	1995 9855	1084597
Division of Agricultural Extension	Centre of Advanced Faculty Training (CAFT)	ICAR	1995 9855	862450
Division of Plant Pathology	National Certification System for Tissue Culture Raised Plants (NCS-TCP)	DBT	2016 1460	1558808
Division of Biochemistry	Centre of Advanced Faculty Training (CAFT)	ICAR	1995 9855	1330382
ZTM &BPD Unit, IARI	IP SPECTRA (Intellectual Property Facilitation Center)	Ministry of MSME	2018 1460	972685
ZTM &BPD Unit, IARI	Pusa Krishi Incubator as Knowledge partner in RKVY -RAFTAR scheme	Ministry of Agriculture & Farmers Welfare, GoI	2018 1460	15975000
ZTM &BPD Unit, IARI	ABIC	ICAR	2018 1460	3500000

			1				
	ZTM &BPD Unit, IARI	ZTMC	ICA	AR	2018 1460		1500000

	0. Number of IQAC near :	neetings held durin	g the	6			
de	The minutes of IQAC meeting and compliances to the decisions have been uploaded on the institutional website						
L	pload the minutes of m	eeting and action tak	en report	<u>View</u>	<u>File</u>		
th	11. Whether IQAC received funding from any of the funding agency to support its activities during the year?						
12	2. Significant contrib	utions made by IQA	AC during th	ne current	year(maximum	five bull	ets)
t	o The academic rules and regulations for the year are delineated in the academic term calendar and is implemented through PG School, Dean, Professors, Board of Studies (BoS)						
	Significant controfessor of each		_		_		y the
a	o To encourage students to do good work and to achieve excellence in education and research the selected MSc/ PhD students from each Division is invited to participate in Gold Medal presentation Award competition.						
o The Research programme for the year prepared by the Divisions in the Divisional Budget and Research Committee (DBRC), it is then implemented by the PIs/ Co-PIs of the projects and is evaluated in the Institute Research Council (IRC I), Institute Research Council (IRC II) and Research Advisory Committee (RAC).							
	o The Extension activities of the Institute for the year are planned in the Extension Council Meeting						
	No Files Uploaded !!!						

13. Plan of action chalked out by the IQAC in the beginning of the academic year towards Quality Enhancement and outcome achieved by the end of the academic year

Plan of Action	Achivements/Outcomes		
The academic calendar of the year is prepared and uploaded on website	Accomplished the scheduled activities delineated in the academic calendar in time		
Research programme is prepared for a period of five years and annually revised by DBRC	Accomplished the research activities as per schedule.		
The Extension activities of the Institute is planned in the Extension Council meeting	The trainings, on farm demonstrations, farmers visits, Pusa Krishi Mela, etc have been achieved as per plans.		
No Files Uploaded !!!			

# 14. Whether AQAR was placed before statutory body?

Yes

body ?	
Name of Statutory Body  DG ICAR	Meeting Date 17-Dec-2018
15. Whether NAAC/or any other accredited body(s) visited IQAC or interacted with it to assess the functioning?	No
16. Whether institutional data submitted to AISHE:	Yes
Year of Submission	2020
Date of Submission	18-Aug-2020
17. Does the Institution have Management Information System ?	Yes
If yes, give a brief descripiton and a list of modules currently operational (maximum 500 words)	PG School, IARI Management System exists for online management of academic activities of students. The system is available to students, faculty members, scientists and administrative staff of PG school. The management system includes, course management, student management, faculty management, administrative management,

eLearning and student Research management system. The student

PPWs and ORWs. The online system facilitates conduction of qualifying examination, thesis submission and

management system monitors the progress of each student through constitution of advisory committees, Board of Studies, preparation, submission and approval of

final viva voce examination. This system also operates for online submission of fees. Besides this, eoffice is in place for management of office files. Management of Information Services Financial Management System exists to take up Financial Management: Solutions for General ledger, Account Payable, Account Receivable, Cash Management, Fixed Assets Management, Budget Management and grants, Project Management: Scope for Project Information, Costing, Project Documents, Contract Management and Collaboration of Project documents, Material Management: Solutions for Purchase and Inventory Management, Human Resource: Employee information, HR policies, Leave Management, Performance and Appraisal System and Payroll System: Salary, GPF, Pension Payment, Retirement Benefit Calculation and Income tax calculation Solutions for all the ICAR employees.

# 1.2 – Academic Flexibility

1.2.1 – New programmes/courses introduced during the Academic year

Programme/Course	Programme Specialization	Dates of Introduction
No Data Entered/Not Applicable !!!		

1.2.2 – Programmes in which Choice Based Credit System (CBCS)/Elective Course System implemented at the University level during the Academic year.

Name of programmes adopting CBCS	Programme Specialization	Date of implementation of CBCS/Elective Course System
MSc(Agriculture)	Nill	22/08/1958
PhD or DPhil	Nill	22/08/1958

# 1.3 – Curriculum Enrichment

# 1.3.1 – Value-added courses imparting transferable and life skills offered during the year

Value Added Courses	Date of Introduction	Number of Students Enrolled
Advances in Breeding for Stress Resistance in Vegetable Crops (VSC611)	19/11/2018	11
Advances in Vegetable Breeding for Quality and Special Traits (VSC622)	01/04/2019	11
Algae in Agriculture and Industry (MB605)	01/04/2019	1
Applied Microbiology (MB608)	30/07/2018	5
Basic Horticulture (VS507)	30/07/2018	6
Biotechnology for Vegetable Crop Improvement (VSC 601)	30/07/2018	11
Breeding of Cross Pollinated Vegetable Crops (VSC 513)	19/11/2018	11
Breeding of Self Pollinated Vegetable Crops (VSC522)	01/04/2019	10
Food Microbiology (MB507)	19/11/2018	4
Hi-tech Vegetable Farming (VSC621)	01/04/2019	11

### 1.4 – Feedback System

# 1.4.1 – Whether structured feedback received from all the stakeholders.

Students	Yes
Teachers	No
Employers	No
Alumni	No
Parents	No

1.4.2 – How the feedback obtained is being analyzed and utilized for overall development of the institution? (maximum 500 words)

### Feedback Obtained

The university has well-defined mechanism to obtain structured feedback from all the stakeholders viz. students, teachers etc, which is then scrupulously processed to derive actionable insights for improving the overall output and

impact of the various teaching courses/programmes. To cite an examples at the end of each trimester, the students are provided with the a "Course evaluation proforma" for each course taught in that trimester for their candid and uninhibited feedback about the course. The "Course evaluation proforma" contains objective questions to assess the perception of the students regarding the course design and its implementation. The response of the students is analysed by the Professor of the Division as well as by the competent authorities in the PG School, ICAR-IARI and appropriate actions are taken immediately to fill in the deficiency gaps, if any, highlighted by the students for the further improvement of the course. If there is any shortfall as regard to the method and mode of teaching of any of the course instructors, he/she is personally advised by the Professor of the Discipline to take necessary measures to live up to the expectations of the students. Similarly, the course instructors whose teaching style is appreciated by the students, in the evaluation proformae submitted by them, are acknowledged for their performance at various platforms in order to encourage them to keep up the good work. Every year before the convocation programme, nominations of the consistently topperforming faculty members are invited by the PG School, ICAR-IARI from each Discipline and BEST TEACHER AWARD(S) are decided upon amongst these nominees this award is conferred every year during the convocation programme. Furthermore, Board of Studies in each Discipline is constituted with faculty members from each category, alongwith one students' representative. The meetings of the BOS are regularly convened to deliberate and decide upon various issues concerning teaching programmes. The faculty members and students are encouraged to put forth their genuine concerns and viewpoints for their forwardal to the PG School for further discussion in the four standing committees. The recommendations of the standing committee are discussed and approved, if found suitable, in the Academic Council meetings, which are held at least thrice in a year. The elected representatives of the faculty and students (two each) are also members of Academic Council and can raise their concerns and innovative ideas in the academic council meetings to improve the teaching and learning practices at IARI. The feedback is also obtained from the IARI Alumni during the Alumni dinner organised in the Convocation week celebration. The concerns of common interest are also discussed at Professors' meeting organized at regular intervals by Dean and Joint Director (Edn.) IARI.

### CRITERION II – TEACHING- LEARNING AND EVALUATION

### 2.1 - Student Enrolment and Profile

### 2.1.1 – Demand Ratio during the year

	Name of the Programme	Programme Specialization	Number of seats available	Number of Application received	Students Enrolled	
	MSc(Agricultu re)	Nill	155	Nill	143	
ĺ	PhD or DPhil	Nill	185	2547	183	
	No file uploaded.					

## 2.2 - Catering to Student Diversity

### 2.2.1 - Student - Full time teacher ratio (current year data)

Year	Number of	Number of	Number of	Number of	Number of
	students enrolled	students enrolled	fulltime teachers	fulltime teachers	teachers
	in the institution	in the institution	available in the	available in the	teaching both UG
	(UG)	(PG)	institution	institution	and PG courses
			teaching only UG	teaching only PG	
			courses	courses	

2018 Nill 326 Nill 490 490
----------------------------

### 2.3 - Teaching - Learning Process

2.3.1 – Percentage of teachers using ICT for effective teaching with Learning Management Systems (LMS), Elearning resources etc. (current year data)

Number of Teachers on Roll	Number of teachers using ICT (LMS, e- Resources)	ICT Tools and resources available	Number of ICT enabled Classrooms	Numberof smart classrooms	E-resources and techniques used
490	490	10	32	6	12

View File of ICT Tools and resources

View File of E-resources and techniques used

### 2.3.2 – Students mentoring system available in the institution? Give details. (maximum 500 words)

The Institute has developed a robust and vibrant student mentoring system over the years, which has contributed a great deal towards the skill- and knowledge-enrichment of the students, their employability leading to significant enhancement in the overall output and impact of the institute at national and international arena. The mentoring of the students starts with orientation programme organized at the Institute level, attended by all the stakeholders viz. Director, Joint Directors, Associate Dean, MOHR, Librarian, medical Officer, HODs, Professors and faculty members etc. All the higher officials address the newly admitted students in this programme to encourage them and to make them aware about the facilities available in the institute, past achievements of the institute, various academic rules and regulations, expectations of the institute from the students and rich legacy and culture of the institute etc. To enable the students to quickly adopt to the new environment similar programmes are organized at the Divisional level also. The IARI has a unique system of appointment of one Professor in each Discipline, who looks after all the academic affairs of the division. During initial one month of students'admission, he and HOD guides the students for various academic activities. The allotment of the Research Guides to the students is done within the first trimester of their admission. After this, the Research guides take over the role of mentorship of the students allotted to them. He/she helps them in the selection of courses and in the constitution of their advisory committee, which has members from the major, minor and supporting divisions. The advisory Committee of the students help them to prepare their Plan of Post Graduate Work (PPW) and the Outline of Research Work (ORW). The advisory committee of the students meets regularly not only to provide ccounselling and assistance to the students but also to identify his/her strengths and weaknesses, taking appropriate measures to bridge the recognized gaps and further building on their strengths. Students are also counselled by Master of Halls of Residence (MOHR) and wardens of their respective hostels. The institute has a placement cell which provides the much-needed career guidance to the students along with HOD, Professor, and their respective Research Guides. Besides, an honorary "Lady Students' Adviser" is nominated by the Dean to look after the welfare and needs of lady students. In addition, an honorary "Foreign Students' Adviser" is nominated by the Dean to not only to look after the academic needs and problems of the foreign students but also to make them aware about social and cultural fabric of India. A Hospitality Committee functions under the Chairmanship of the Foreign Students' Adviser to look after the comfort of foreign students. A qualified Medical Officer takes care of health for better efficiency and output. The medical service is provided free to students at the dispensary. The PG School, IARI, New Delhi has Standing Committee on Students Problems Discipline, Welfare, Board and Residences which considers Complaints/Grievance of students, if any.

Number of students enrolled in the institution	Number of fulltime teachers	Mentor : Mentee Ratio
1141	490	1:2

### 2.4 - Teacher Profile and Quality

### 2.4.1 – Number of full time teachers appointed during the year

No. of sanctioned positions	No. of filled positions	Vacant positions	Positions filled during the current year	No. of faculty with Ph.D
572	490	82	8	425

2.4.2 – Honours and recognition received by teachers (received awards, recognition, fellowships at State, National, International level from Government, recognised bodies during the year)

Year of Award	Name of full time teachers receiving awards from state level, national level, international level	Designation	Name of the award, fellowship, received from Government or recognized bodies
2018	Dr. A.K. Singh	Professor	INSA Fellow
2018	Dr. K.V. Prabhu and Wheat Team	Professor	Nanaji Deshmukh ICAR Award for Outstanding Interdisciplinary Team Research in Agricultural and Allied Sciences
2018	Dr. Gyan Prakash Mishra	Professor	Dr Harbhajan Singh Memorial Award
2018	Dr.Vignesh Muthusamy	Associate Professor	2018 Maize-Asia Youth Innovators Award
2018	Dr. Rajkumar U. Zunjare	Associate Professor	Jawaharlal Nehru Award for Outstanding Doctoral Thesis Research in Crop Sciences
2018	Dr. Firoz Hossain	Professor	Fellow of Indian Society of Genetics and Plant Breeding, New Delhi
2018	Dr. D.K. Yadava	Professor	Rafi Ahmad Kidwai Award 2017
2018	Dr. D.K. Yadava	Professor	NAAS Recognition Award for the Biennium 2017-18
2018	Dr. S.K. Jain	Professor	Chairman, Standing Committee on Scholarship, Financial Assistance and Academic progress, PG School, IARI
2018	Drs. Sanjay Kumar and R.N. Yadav	Professor	Nanaji Deshmukh ICAR Award for Outstanding Interdisciplinary Team Research in Agricultural Allied Sciences

# 2.5 – Evaluation Process and Reforms

2.5.1 – Number of days from the date of semester-end/ year- end examination till the declaration of results during the year

Programme Name	Programme Code	Semester/ year	Last date of the last semester-end/ year- end examination	Date of declaration of results of semester- end/ year- end examination		
MSc(Agricultu re)	Nill	Trimester-II	31/03/2018	07/04/2018		
MSc(Agricultu re)	Nill	Trimester-III	21/07/2018	28/07/2018		
MSc(Agricultu re)	Nill	Trimester-I	01/12/2018	08/12/2018		
PhD or DPhil	Nill	Trimester-II	31/03/2018	07/04/2018		
PhD or DPhil	Nill	Trimester-III	21/07/2018	28/07/2018		
PhD or DPhil	Nill	Trimester-I	01/12/2018	08/12/2018		
	No file uploaded.					

2.5.2 – Average percentage of Student complaints/grievances about evaluation against total number appeared in the examinations during the year

Number of complaints or grievances about evaluation	Total number of students appeared in the examination	Percentage
0	239	0

# 2.6 - Student Performance and Learning Outcomes

2.6.1 – Program outcomes, program specific outcomes and course outcomes for all programs offered by the institution are stated and displayed in website of the institution (to provide the weblink)

http://pgs.iasri.res.in/pgs\_main.asp

# 2.6.2 - Pass percentage of students

Programme Code	Programme Name	Programme Specialization	Number of students appeared in the final year examination	Number of students passed in final year examination	Pass Percentage		
Nill	MSc(Agricu lture)	Nill	145	145	100		
Nill	PhD or DPhil	Nill	94	94	100		
	No file uploaded.						

# 2.7 - Student Satisfaction Survey

2.7.1 – Student Satisfaction Survey (SSS) on overall institutional performance (Institution may design the questionnaire) (results and details be provided as weblink)

https://iari.res.in/files/LatestNews/Result%20based%20on%20response 2018.pdf

# CRITERION III – RESEARCH, INNOVATIONS AND EXTENSION

# 3.1 - Promotion of Research and Facilities

3.1.1 - Teachers awarded National/International fellowship for advanced studies/ research during the year

Туре	Name of the teacher	Name of the award	Date of award	Awarding agency
	awarded the fellowship			
	Tellowship			

National	Drs. Sanjay Kumar and R.N. Yadav	Nanaji Deshmukh ICAR Award for Outstanding Int erdisciplinary Team Research in Agricultural Allied Sciences	Nill	ICAR, New Delhi
National	Dr. S.K. Yadav	ISST Scientist of Eminence -2018	Nill	ISST
National	Dr S. Chander	Res. Adv. Committee (RAC) member, ICAR- Directorate of 1. Cashew Research, Puttur	Nill	ICAR, New Delhi
National	Dr. A.K. Singh	INSA Fellow	Nill	Indian National Science Academy
National	Dr. K.V. Prabhu and Wheat Team	Nanaji Deshmukh ICAR Award for Outstanding Int erdisciplinary Team Research in Agricultural and Allied Sciences	Nill	ICAR, New Delhi
National	Dr. Gyan Prakash Mishra	Dr Harbhajan Singh Memorial Award	Nill	ICAR, New Delhi
National	Dr. Rajkumar U. Zunjare	Jawaharlal Nehru Award for Outstanding Doctoral Thesis Research in Crop Sciences	Nill	ICAR, New Delhi
National	Dr. Firoz Hossain	Fellow of Indian Society of Genetics and Plant Breeding, New Delhi	Nill	Indian Society of Genetics and Plant Breeding, New Delhi

Total	Nill	Nill	Nill	5141	
No file uploaded.					

# 3.3 – Innovation Ecosystem

3.3.1 - Workshops/Seminars Conducted on Intellectual Property Rights (IPR) and Industry-Academia Innovative practices during the year

Title of workshop/seminar	Name of the Dept.	Date				
Hands on training on patent drafting	ZTM BPD Unit	18/07/2018				
Agri-business Incubation Programme for Skill India and Agri- startups	ZTM BPD Unit	10/01/2018				
Spirulina cultivation and processing for advancement of skills amongst entrepreneurs	ZTM BPD Unit	26/11/2018				
UPJA - Call for application	ZTM BPD Unit	24/12/2018				
UPJA - Incubation Programme	ZTM BPD Unit	25/02/2019				
	No file uploaded.					

# 3.3.2 - Awards for Innovation won by Institution/Teachers/Research scholars/Students during the year

Title of the innovation	Name of Awardee	Awarding Agency	Date of award	Category
Hydrology sensor and IoT	NEER AGRIVENTURES	DAIICT	Nill	Best Business model award at IEEE
Hydrology sensor and IoT	NEER AGRIVENTURES	Vibrant Gujarat Startup Summit	Nill	Best Idea award
Hydrology sensor and IoT	NEER AGRIVENTURES	ISRO	Nill	Best Paper award at ISG
Agricultural Machinery	Sickle Innovations Private	ICFA(Indian Council of Food and Agriculture)	Nill	Best Farm- tech Startup of The Year

Agricultural Machinery	Sickle Innovations Private	FICCI(Federat ion of Indian Chambers of Commerce and Industry)	Nill	FICCI Business Excellence Award'
Agricultural Machinery	Sickle Innovations Private	CII (Confederation of Indian Industry)	Nill	'Top three innovations in Indian Agriculture' during Advanced Technologies Reshaping Indian Agriculture 2.0'
Dairy herd Management	INHOF TECHNOLOGIES Private Limited	Villgro and IIT Kanpur	Nill	I Pitch winner
Dairy herd Management	INHOF TECHNOLOGIES Private Limited	XIMB Bhubaneswar	Nill	A Idea-Naarm, Startup Samvad winner
Dairy herd Management	INHOF TECHNOLOGIES Private Limited	BITS Hyderabad	Nill	Social Impact 2018 Award
Sensor based animal repellant	Abhay Sharma( Co-Founder KYARI)	NRDC	Nill	NRDC National Budding Innovation

Total	3500	160	3500	0	120	1390	1830	1	0

4.3.2 - Bandwidth available of internet connection in the Institution (Leased line)

1 MBPS/ GBPS

### 4.3.3 - Facility for e-content

Name of the e-content development facility	Provide the link of the videos and media centre and recording facility	
No Data Entered/No	ot Applicable !!!	

### 4.4 - Maintenance of Campus Infrastructure

4.4.1 – Expenditure incurred on maintenance of physical facilities and academic support facilities, excluding salary component, during the year

Assigned Budget on academic facilities	Expenditure incurred on maintenance of academic facilities	Assigned budget on physical facilities	Expenditure incurredon maintenance of physical facilites
438	438	1830	1830

4.4.2 – Procedures and policies for maintaining and utilizing physical, academic and support facilities - laboratory, library, sports complex, computers, classrooms etc. (maximum 500 words) (information to be available in institutional Website, provide link)

The institute has a well-oiled system in place for the maintenance of the physical, academic and support facilities built in the campus over the years. Adequate budgetary provisions are made during allocation of the annual budget for undertaking this all-important work. The cleanliness in each division of the institute is maintained on daily basis by the permanent skilled supporting staff members along with the contractual staff, specifically hired for the aforementioned purpose, under the guidance and supervision of a designated building in-charge in each division. The construction repair and electrical maintenance work in the institute is undertaken by CPWD. Besides, there is a separate unit viz. Farm, Horticulture and Landscape Operation Service Unit (FHLOSU) in the institute, which not only looks after the day-to-day repair and maintenance of the imported and indigenous machines but also supervises all the landscaping work, maintenance of gardens/lawns of the Institute and its residential areas. Every department maintains a stock register for the available equipments. Proper audit of the stock takes place at the end of every year and reports submitted for future records and references. The maintenance of equipments/instruments housed in different divisions is undertaken by the concerned HOD as per the laid down General Financial Rules (GFR). The annual Maintenance Contract (AMC) of all costly and sensitive instruments/equipments in these divisions is obtained for their uninterrupted and hassle-free use by the beneficiaries. The log book for the use of all the instruments is properly maintained. The IT equipment for providing Internet services throughout the campus is also kept under AMC. The servers and data centre equipments are

managed by System Administrator. The LAN maintenance is under the Network Administrator. The website and online application activities are managed by Website administrator. A senior faculty member has been appointed as an Incharge of the central library, who along with the Librarian, technical officers and other supporting staff manages its day-to-day affairs. At end of the Academic year stock verification is done and librarian prepares the report. Procurement of books as per the requirement is done through a committee by inviting the requirement of books from various departments which is then processed following the standard procurement procedure. Needless to mention that during the execution of all the purchases, the Government of India (GOI) rules, regulations and guidelines are followed mutatis mutandis.

5.3.2 – Activity of Student Council & Dresentation of students on academic & Dresentative bodies/committees of the institution (maximum 500 words)

The IARI has an active Students' Union known as Post Graduate School Students'

Union (PGSSU), who puts forth major concerns of the students and issues related to them at different fora for their resolution and implementation. The Executive Committee of PGSSU comprises of following elected members: (i) President (ii) Vice President (Girl) (iii) General Secretary (iv) Games and Sports Secretary (v) Finance Secretary (vi) Social Cultural Secretary (vii) The students representative to the Academic Council (viii) Five class representatives (ix) Literary secretary (Girl) (x) Alumni secretary (xi) Career Council and Placement Secretary. The Board of Studies (BOS) in each Discipline also has a students' representative, who actively takes part in the decision making in the matters pertaining to the various academic activities of that particular Discipline. Two student representatives are also appointed as member of the Academic Council in the following manner: 1. The President, PGSSU is an ex-officio student representative in the Academic Council. 2. The second student representative is elected every year by secret ballot by the members of the PGSSU through the same election process adopted for electing the Executive of the Post Graduate School Students' Union. 3. The tenure of the student representative is one year. Furthermore, the President PGSSU elected students' representative are also members of following three Standing Committees: • Standing Committee on Scholarships, Financial Assistance and Academic Progress • Standing Committee on Students Problems and Discipline, Welfare Board and Residences • Standing Committee on Courses, Curricula and academic affairs Students Welfare Fund is maintained in the PG School, IARI. The student welfare fund is granted advance loans to the needy students for special purposes. This fund is administered by a committee known as Students Welfare Committee. The President, PGSSU and Finance Secretary, PGSSU are members in this committee. Furthermore, the students are also kept members in the committees constituted for prevention of sexual harassment and ragging at work place and for promotion of gender sensitization. The students are also members in the various committees constituted for successful organization of various annual events at the institute such as convocation week programme, various award lectures, teachers day celebration, international women's day celebration, Girl child day celebration, Krishi Vigyan Mela, etc.

#### 5.4 – Alumni Engagement

5.4.1 – Whether the institution has registered Alumni Association?

Yes

IARI has a registered Alumni Association, which has been created with a primary aim of networking its alumni and developing a sense of community amongst them. Alumni are one of the main stakeholders of the University as they contribute immensely to the functioning and development of the university in multiple dimensions. The institute is utilising the services of Alumni in various committees like Institute Research Council, Research Advisory Council, Quinquennial Review Team, etc. The Alumni are also being encouraged to join as Adjunct Faculty to strengthen teaching and research activities. The Alumni are also welcome to serve IARI as National Professor, Eminent Scientist, Eminent Professor, etc. The Alumni also form pool of resources for evaluation of thesis, external examiners of students'theses and for conducting Qualifying Examination. The Alumni serving in various ICAR institutes, SAUs and Private Firms are welcome to take up collaborative or joint research projects. Besides, they are providing mentoring services to the current students of the institute. Through their rich experience they are helping the students to understand the requirements of various industries and educating them to plan and shape their career in right direction. Students also get opportunity to work in the labs of some of the alumni to gain research experience in cutting edge technologies. They are also imparting them first-hand knowledge about the various steps and procedures needed for setting up their own start-ups. During the convocation week celebration of the institute, alumni are invited for the convocation week

celebration and they share their memories and experiences during convocation dinner. This helps them to rekindle their old relationships. Alumni Directory is regularly updated to keep the contact alive with all the IARIians..

5.4.2 – No. of registered Alumni:

10005

5.4.3 – Alumni contribution during the year (in Rupees) :

No Data Entered/Not Applicable !!!

5.4.4 – Meetings/activities organized by Alumni Association :

Alumni meet was organized on the day of convocation (8th Feb 2019) and the alumni are invited to participate and give their feedback.

# **CRITERION VI – GOVERNANCE, LEADERSHIP AND MANAGEMENT**

#### 6.1 – Institutional Vision and Leadership

6.1.1 – Mention two practices of decentralization and participative management during the last year (maximum 500 words)

The institute follows a professional approach in managing the various academic and administrative activities by way of decentralization and participative management. The Director of the institute gives adequate budgetary allocation of funds to the Joint Directors and Heads of Divisions (HODs) along with the generous freedom and flexibility for their utilization to ensure full, independent and effective discharge of their responsibilities and functions. The HODs are empowered to sanction indents amounting to Rs 1 lakh. Monthly meetings of the HODs are conducted by the Director to review the progress made and to chart out the future course of action. Similarly, at the divisional level a Divisional Budget and Research Committee (DBRC) is constituted by including members from different categories of scientists as well as an Administrative Officer. The Chairman of DBRC is head of the Division. The major issues pertaining to equitable and judicious use of allocated funds as well as strategies for enhancing the impact of the ongoing research activities in the division, new programmes to be undertaken and ways to secure additional funds from external sources are thoroughly discussed in the regular meetings of the DBRC and recommendations sent to the Director, IARI for further approval. For an effective efficient implementation of the academic vision of the institute and for seamless discharge of the Institute's mandate in this regard, Board of Studies (BOS) is constituted in each division with members from different strata of scientists. The chairperson of BOS is the Professor of the division and it also includes one Students' Representative. All the major decisions for maintaining, nourishing and improving the teaching standards in the division are taken by the BOS under the guidance of Director and Dean of the institute. The Professor of the division is given full freedom to effectively utilize funds allocated for strengthening PG activities in the division as per the GFR. The four standing Committees, IQAC under the guidance of competent authorities are involved in defining policies procedures, framing guidelines and rules regulations pertaining to admission, examination, discipline, grievance, support services, finance etc.

6.1.2 – Does the institution have a Management Information System (MIS)?

Yes

#### 6.2 - Strategy Development and Deployment

6.2.1 – Quality improvement strategies adopted by the institution for each of the following (with in 100 words each):

Strategy Typ	e Details

Curriculum Development	• Institute follows the course curriculum as recommended by the ICAR-BSMA (Broad Subject Matter Area) committees, which is being implemented in the teaching programme of 26 disciplines. • The curriculum is in line with international standards and covers frontier areas of science.
Teaching and Learning	• Periodic monitoring of the academic progress is done by Dean Joint Director (Edn.) during his/her meetings with the Professors of each teaching discipline. Strict compliance of the academic regulations and calendar time lines are followed right from the admission to convocation ceremony. The PG School has developed PGS online management system for paperless work for academic activities in all the 26 Disciplines. Online submission of all the proposals of students viz., student credentials, attendance, trimester grades, progress report, PPWs, ORWs, qualifying exam and thesis submission proposals, e-thesis etc is done. Frequent visits of Dean and Joint Director (Education) is made in the Divisions and interactions are done with students and faculty. Compulsory meeting of student Advisory Committee at least once during each trimester is done. • External examiners are invited for the Qualifying examination of PhD students • Board of Studies meeting in each discipline are held atleast one in each quarter
Examination and Evaluation	For Qualifying exam and Thesis viva voce, expert is called from outside IARI and analytical questions are asked. During each trimester, students performance is evaluated based on quizzes, Mind term and Final examination is done. Practical exams are conducted separately.
Research and Development	• Identification of research topics is done by the faculty and submitted to BOS of Disciplines, six months in advance to admission of students. HoD, Professors and all the faculty members are involved in deciding the advisory committee of students and research topics • Allotment of Chairperson is based on students merit and their preference for thesis research topics. Strict monitoring of students research progress by advisory Committee, presentation before faculty and BOS members is done meeting. Modification/

corrective measures if any in the approved research work with the permission of the PG school are taken. External evaluation of thesis is done. PhD thesis is evaluated by two external experts not below the rank of Professor M.Sc/ M.Tech thesis is evaluated by one external examine. Incorporation of all the suggestions/ comments as suggested by the external examiners in the final version of the thesis is done. For PhD students, publication of two research papers (one published another communicated) in journal with NAAS score >5.0 is compulsory • Online journals and books are Library, ICT and Physical Infrastructure / Instrumentation subscribed, which are accessible to all the students • Internet and intranet and Wi-Fi connectivity has been provided at all the divisions and hostels • The Institute established a National Phytotron Facility in 1997, to study the live responses of plants under controlled conditions. • There is a well-equipped Pesticide Referral Laboratory to analyze referred samples for pesticides. • Scanning Electron Microscope Facility (SEMF) at Division of Entomology • This Farm Machinery Testing Centre, Division of Agricultural Engineering, • ASRB Online Examination Centre has being established at IARI. • Through CeRA (Consortium for eResources in Agriculture), the institute providesonline access of approx. 2380 e-Journals on LAN to scientific community. • Prof. M S Swaminathan Library has created Online Public Access Catalogue (OPAC) of resources of 36 libraries with "Online Computer Library Center" (OCLC) partnership. • The e-Language lab has been established with seating capacity of about 50 participants to facilitate language classes for foreign students. • There is a Central Laboratory for Soil and Plant Analysis at IARI. • HRD cell of IARI get the training Human Resource Management plan for all staff from each discipline. Training programmes are organized at Institute and staff is sent for participation at National and International level. • Scientists and students are encouraged to participate in training both at national and international level through

	fellowships. • Grant is providing to faculty and students for attending various workshops/symposia/conferences etc. to broaden their horizon, skills and to foster new linkages. • In APAR the reporting officer identify the training needs of the scientists and faculty is sent for training accordingly.
Industry Interaction / Collaboration	IARI students are encouraged to apply for PM fellowship in which the industry sponsors certain percent of Fellowship and student research is decided based on the need of the industry.  Consultancy/ Contract research projects are being taken up by the scientists.  BIRAC/DST.DBT projects involving industry is taken up by scientists.  Students are encouraged to go for internship/ short course in Industry.  IARI technology is commercialized to private firms through ZTM BPD Unit
Admission of Students	• The Board of Studies (BoS) in each Discipline prepares the requirement of number of M.Sc. and PhD seats and submit to PG School. Hereafter, approval of Academic Council is obtained. The total seat requirement is communicated to the Education Division of ICAR. The Institute admits students to the Post Graduate School under five separate streams as indicated below:  (A) Open competition (B) Faculty Upgradation Scheme (FUS) (C) Departmental stream (Scientific and Technical) (D) ICAR in-service nominees (E) International students. M.Sc. and M.Tech. degree courses: Entrance examination for admission to M.Sc. and M.Tech. degree courses is undertaken by the Education Division of ICAR and on the basis of merit, the ICAR finalizes the admission for 23 M.Sc. and one M.Tech. degree courses at IARI. Ph.D. degree courses: Admission to the Ph.D. courses in 22 disciplines is based on performance of candidates in the written entrance examination (70 weightage) academic score (20 weightage) interview (10 weightage).

# 6.2.2 – Implementation of e-governance in areas of operations:

E-governace area	Details
Planning and Development	IARI is using the ERP solution developed by IASRI for ICAR namely "Management Information Services (MIS)
	"Management Information Services (MIS) including Financial Management System

Administration	(FMS)" (MIS FMS). The system has provisions for: Project management: Scope for Project information, costing, project documents, contract management and grants Material management: Solutions for Purchase and inventory management e-office is being implemented for the
Administración	purpose management of office files comprising of file movement and administrative approval e-Tender is followed for purchase of scientific equipments with amount beyond Rs 1 crores
Finance and Accounts	IARI is using the ERP solution developed by IASRI for ICAR namely "Management Information Services (MIS) including Financial Management System (FMS)" (MIS FMS). The system has provisions for: Financial Management: Solutions for general ledger, account payable, account receivable, cash management, fixed assets management, budget management and grants Payroll system: Salary, GPF, Pension payment, retirement benefit calculation and income tax calculation, etc.
Student Admission and Support	PG School, IARI Management System for online management of academic activity of students. The system is available to students, faculty members, scientists and administrative staff of PG School, IARI. It has following sub modules (a) Course management (b) Student management (c) Faculty management (d) Administrative management (e) e-Learning (f) Student research management
Examination	"PG School, IARI Management System" for online management of academic activity of students. The system is available to students, faculty members, scientists and administrative staff of PG School, IARI. The students course grades are uploaded online into the PG School, IARI Management System by the Course leader which is approved by Professor and Dean The proforma for taking up qualifying examination submission of thesis is submitted online in which the Chairman, professor and HoD provide the names of external examiners which is finally selected by the Dean The results of qualifying examination and the thesis is submitted online into the "PG School, IARI

# 6.3 - Faculty Empowerment Strategies

6.3.1 – Teachers provided with financial support to attend conferences / workshops and towards membership fee of professional bodies during the year

	I	1		
Year	Name of Teacher	Name of conference/ workshop attended for which financial support provided	Name of the professional body for which membership fee is provided	Amount of support

Teaching	Non-teaching	Students
CGHS provided to all faculty members, Dispensary with dedicated medical officer, Group Life Insurance Scheme is available to all employees	Institute Joint Staff Council (IJSC) Nehru Experimental Centre, Gymnasium	PG School Student Union Gym Sports Ground Dispensary PG School Welfare Fund

#### 6.4 - Financial Management and Resource Mobilization

6.4.1 – Institution conducts internal and external financial audits regularly (with in 100 words each)

The Institution has an established mechanism for conducting internal and external audits on the financial transactions every year to ensure financial compliance. Internal audit is conducted half yearly by the internal financial committee of the institution. The committee thoroughly verifies the income and expenditure details and the compliance report of internal audit is submitted to the management of the institution. External audit is conducted once every year by an external agency. • External Audit is conducted by the C A. G. Office as per its Audit calendar. • Internal Audit of the institute is conducted by the ICAR headquarter on yearly basis. • Besides, the physical verification of the stores and divisional libraries is conducted in each division by an in-house committee constituted by HOD for the aforesaid purpose.

6.4.2 – Funds / Grants received from management, non-government bodies, individuals, philanthropies during the year(not covered in Criterion III)

#### 6.5 - Internal Quality Assurance System

6.5.1 – Whether Academic and Administrative Audit (AAA) has been done?

Audit Type	Exte	ernal	Internal		
	Yes/No	Yes/No Agency		Authority	
Academic	Yes	QRT Institute Research Council (IRC II) Institute Research Council I	Yes	Board of Studies and Divisional Budget and Research Committee (IRC	

		Research Advisory Council (RAC) Are mechanism to monitor the research and teaching activities of the institute and recommendations are compiled with		I, IRC II RAC) monitors and guides day to day research and teaching activities of the Divisions, respectively
Administrative	Yes	Audit Working in Hindi is audited by the Hindi Committee	Yes	Annual stores verification by committee constituted for the purpose Audit department audits the financial activities Working in Hindi is audited by the committee constituted for the purpose

- 6.5.2 What efforts are made by the University to promote autonomy in the affiliated/constituent colleges? (if applicable)
  - Funds have been provided to IASRI, NBPGR and NIPB, New Delhi and necessary infrastructure support is extended to IIHR, Bengaluru and CIAE, Bhopal for successful implementation of teaching programmes at these centres. The students admitted at these centres have full access to the PGS online management system for various teaching related activities. The students from these institutes can visit IARI and are provided access to different laboratories for undertaking any experiment committed in their thesis work.
- 6.5.3 Activities and support from the Parent Teacher Association (at least three)
  - Orientation is given to the fresh students Parents can freely meet Dean, HoD, all faculty • Parents are invited during Convocation and they give their feedback during outgoing students programme organized in Divisions
- 6.5.4 Development programmes for support staff (at least three)
  - Training programme for skill development are organized for supporting staff.
    Supporting staffs along with other staffs participate regularly in inter institutional sports activities organised by an institute under the administrative control of ICAR.
    New Pusa Recreation Centre (NPRC) has excellent facilities for indoor and outdoor games for support staff. The Centre helps the staff in personality development and maintaining physical fitness.
    Support staff can avail the facilities available in the IARI Dispensary.
    Support staff has representatives in IJSC who help in implementation of institute welfare schemes.

#### 6.5.5 – Post Accreditation initiative(s) (mention at least three)

- The courses have been revised following the 5th Deans Committee Report BSMA (Broad Subject Matter Area) guidelines The outreach programme has been strengthened by recognising more institutes as partners in academic activities
- New courses have been added to broaden the knowledge of students with a view to inculcate soft skills The students thesis research is aligned with the research programme of Divisions so as to compliment each others' efforts

### 6.5.6 – Internal Quality Assurance System Details

a) Submission of Data for AISHE portal	Yes
b)Participation in NIRF	Yes
c)ISO certification	Yes
d)NBA or any other quality audit	Yes

## 6.5.7 - Number of Quality Initiatives undertaken during the year

Year	Name of quality initiative by IQAC	Date of conducting IQAC	Duration From	Duration To	Number of participants
2018	Research Advisory Committee Meeting	17/12/2018	22/12/2017	17/12/2018	40
2018	Academic Council Meeting	08/02/2018	16/12/2017	08/02/2018	41

# **CRITERION VII - INSTITUTIONAL VALUES AND BEST PRACTICES**

# 7.1 - Institutional Values and Social Responsibilities

# 7.1.1 – Gender Equity (Number of gender equity promotion programmes organized by the institution during the year)

Title of the programme	Period from	Period To	Number of Participants	
			Female	Male
Income generation activities for empowerment of rural women	10/04/2018	10/04/2018	36	0
Minimization of nutrient	17/05/2018	17/05/2018	22	0

loss in processing				
Value addition (including Preservation of seasonal fruits and vegetables)	13/06/2018	13/06/2018	12	0
Location specific drudgery reduction technologies	11/07/2018	11/07/2018	13	0
Location specific drudgery reduction technologies	21/08/2018	21/08/2018	12	0
Location specific drudgery reduction technologies	18/09/2018	18/09/2018	18	0
Income generation activities for empowerment of rural women	27/10/2018	27/10/2018	12	0
Household food security by nutrition gardening	17/10/2018	22/10/2018	22	0
Minimization of nutrient loss in processing	11/01/2019	11/01/2019	18	0
Value addition (including Preservation of seasonal fruits and vegetables)	12/03/2019	12/03/2019	13	0
Dress- designing and tailoring	28/05/2018	27/07/2018	30	0
Dress- designing and tailoring	12/10/2018	11/12/2018	20	0
Food processing, preservation and value addition under	23/01/2019	12/02/2019	40	0

ARYA project				
Exposure visit of general public particularly farmers to Floriculture farm	01/01/2018	31/03/2018	800	750
Improved Horticultural Technologies of Sub-Tropical Fruits	24/04/2018	28/04/2018	24	6

#### 7.1.2 - Environmental Consciousness and Sustainability/Alternate Energy initiatives such as:

## Percentage of power requirement of the University met by the renewable energy sources

• Solar panels have been installed on roof tops of Divisions, mela ground, NRL building, etc which generated 2 MW (25) of electricity • The Institute has well-knit protocols/ procedures for the collection and disposal of different kinds of wastes (chemical, biological, radioactive, universal and recyclable) from the laboratories, hostels and research farms. • Radiological safely office is operating in the Institute which takes care of the procurement of radioisotopes and biomolecules for research, collection of wastes on regular basis and its disposal in the designated Gamma garden. • Institute has installed bioincinerator to manage hazardous laboratory waste. The facility with a capacity of 50 Kg/hour was created with IARI plan fund of Rs 18 lakh in the year 2014-15. • The institute has got IBSC (Institute Bio-safety Committee to scrutinise and approve applications related to research on GMOs including genome editing as directed by DBT Ministry of Science and Technology.

## 7.1.3 – Differently abled (Divyangjan) friendliness

Item facilities	Yes/No	Number of beneficiaries	
Physical facilities	Yes	24	
Provision for lift	Yes	24	
Ramp/Rails	Yes	24	
Rest Rooms	Yes	24	
Scribes for examination	Yes	24	

## 7.1.4 - Inclusion and Situatedness

#### 7.1.7 - Initiatives taken by the institution to make the campus eco-friendly (at least five)

• Biomass waste is collected and converted into compost under waste to wealth programme at Biomass Utilization Unit • Institute has developed Pusa decomposer technology for in-situ residue management which is used on the campus and extensively used in Uttar Pradesh, Punjab and Haryana states help minimize paddy straw burning. • Institute has installed solar panels and generates 2 MW of electricity • Water harvesting ponds and recharge wells created for water harvesting and recycling of waste water • Waste water treatment plant to treat waste water and used for irrigation • Waste paper recycling plant installed to reuse waste papers

#### 7.2 - Best Practices

#### 7.2.1 – Describe at least two institutional best practices

The two best practices are A. Breeding high yielding and widely adapted varieties of Pigeonpea 1a. Objectives Pigeonpea is the second important pulse crop of the country after chickpea. It is a major and cheap source of protein compared to animal protein. Pigeonpea occupies 4.8 million ha area in India with a production of 4.32 million tons and productivity of 900 kg/ha. 2a. The Context It is important to develop high yielding short duration varieties with improved plant architecture (dwarf and semi-dwarf) suitable for high density planting and mechanised cultivation in order to increase yield per unit area, per unit time and also to stabilise the production. These varieties would enable growing of the following rabi crops, like potato/mustard/chickpea/wheat, thereby increasing the cropping intensity and ultimately the income of the farmers. 3a. The Practice New high yielding Pigeonpea varieties with improved plant type developed by ICAR-IARI, New Delhi ICAR-IARI, New Delhi has developed 4 new Pigeonpea varieties with improved plant type viz., Pusa Arhar 16, Pusa Arhar 2017-1, Pusa Arhar 2018-2 and Pusa Arhar 2018-4. Out of these four varieties, Pusa Arhar 16 and Pusa Arhar 2017-1 are of extra early maturity and after their harvest mustard/chickpea/potato/wheat can be grown in following Rabi season. Pusa Arhar 16 was released in 2018 while other three varieties

```
were notified in 2021. Pusa Arhar 16 is suitable for mechanized cultivation.
Pusa Arhar 2018-2 and Pusa Arhar 2018-4 are of early maturity and after their
harvest wheat can be grown in the rabi season. Pusa Arhar 2018-4 was notified
for NWPZ in 2021 by CVRC. Uniqueness of varieties • Pusa Arhar 16 : Extra early
 maturity (120 days), determinate, semi-erect compact, semi-dwarf plant type
suitable for mechanized cultivation. Due to its semi-dwarf stature spraying of
 insecticide is easy and more efficient. Its extra early maturity (120 days)
   allows growing of mustard/potato/chickpea/wheat after its harvest. Thus,
cropping intensity can be increased. • Pusa Arhar 2017-1: Extra early maturity
(120-125days), indeterminate type, compact semi-erect plant type. • Pusa Arhar
  2018-2: Early maturing (131 days), indeterminate, semi-erect compact plant
 type, bold seeded (8.2 g/100 seeds). • Pusa Arhar 2018-4: Released for NWPZ
 (Punjab, Delhi, Haryana, Western Uttar Pradesh). This variety is suitable for
"Pigeonpea - wheat rotation" in NWPZ. This variety matures in 140-145 days and
has got yield potential up to the tune of 23.06 q/ha. This variety has bolder
   seed size (mean 100 seed weight of 8.73 g) as compared to other released
  varieties for NWPZ. 4a Evidence of Success The breeder seed indent of Pusa
Arhar 16 variety was 2.06 q, 5.65q and 2.6 q in 2019-20, 2020-21 and 2021-22,
respectively. 5a Problems Encountered These varieties are released for NWPZ and
  Delhi NCT and states have a little tendency to promote their own released
varieties. The FLDs and KVK support to popularize these varieties is required.
   B. DEVELOPMENT OF BIOFORTIFIED MAIZE HYBRIDS FOR FOOD- AND NUTRITIONAL-
SECURITY 1b. Objectives Maize is one of important cereal crops of the country.
It is the rich source of carbohydrate in the diet. However, maize is deficient
in lysine (1.5-2.0), tryptophan (0.3-0.4) and provitamin-A (1.0-2.0 ppm) that
causes health problems such as protein energy malnutrition (PEM) and vitamin A
deficiency (VAD). The objective of the research work is to develop biofortified
  maize hybrids rich in protein quality (lysine tryptophan) and provitamin-A
   (proA) through breeding. The landmark discovery of opaque2 (o2) gene for
  increasing lysine tryptophan ?-carotene hydroxylase (crtRB1) and lycopene
      epsilon cyclase (lcyE) for increasing proA has promised for maize
    biofortification. The strategy of marker-assisted selection (MAS) for
     selection/ introgression of these major genes was employed to develop
 biofortified maize varieties in accelerated manner. 2b. The context Maize or
 corn is one of the important cereal crop that provides significant amount of
calories in the daily diet. However, it is deficient in essential amino acids,
micronutrients and vitamins. It is, therefore, very essential to increase the
 amount of nutrients in maize endosperm to alleviate malnutrition especially
among the population dependent on maize as staple crop. Biofortification is the
 process of developing nutrient-rich crops through breeding approaches, which
     provides sustainable and cost-effective solution compared to 'food-
  fortification', 'dietary diversification' and 'medical-supplementation' to
address malnutrition. Considering this, the development of biofortified maize
 hybrids with high grain yield potential and enriched amount of vitamins and
     protein quality is one of the the most important objectives of maize
    improvement. 3b. The practice In India, Shakti, Rattan and Protina, the
o2-based soft endosperm maize composites were released during 1971 by All India
Coordinated Research Project (AICRP) on Maize, and these are perhaps the first
 set of biofortified varieties developed through targeted breeding approaches
  across crops in the country. Later, a series of QPM hybrids were developed
using conventional breeding. The cloning and characterization of the O2 gene,
  followed by detection of gene specific three SSRs viz., phi057, phi112 and
umc1066, offers advantages in marker-assisted selection for rapid development
of QPM hybrids. In India, a MAS-derived QPM hybrid, 'Vivek QPM 9', was released
   during 2008 by the ICAR-Vivekananda Parvatiya Krishi Anusandhan Sansthan
    (VPKAS), Almora. Research efforts at ICAR-Indian Agricultural Research
Institute (IARI), New Delhi have led the development of three QPM hybrids viz.,
 Pusa HM-4 Improved, Pusa HM-8 Improved, and Pusa HM-9 Improved released for
```

```
commercial cultivation during 2017 by Central Variety Release Committee (CVRC).
Subsequently, IARI has developed series of QPM hybrids enriched with provitamin
A, thus multinutrient maize hybrids. To develop proA rich hybrids, large scale
validation of the effects of molecular marker polymorphisms in lcyE and crtRB1
was carried out at CIMMYT, employing MAS. At IARI, breeders have introgressed
   the favourable allele of crtRB1 gene from CIMMYT-HarvestPlus genotypes to
Indian adapted genotypes and developed proA rich normal as well as QPM hybrids.
These biofortified hybrids are adapted to diverse ecological regions of India.
  The proA version of Vivek QPM9 named as 'Pusa Vivek QPM9 improved' has been
   released for commercial cultivation in India by Central Variety Release
 Committee during year 2017. 'Pusa Vivek QPM 9 Improved' is the world's first
    multinutrient-rich maize genotype, combining high quality protein with
 provitamin-A. This is unique hybrid successfully developed by IARI, New Delhi
 in the country. 4b. Evidence of success IARI has successfully developed nine
biofortified hybrids comprising of 3 QPM hybrids, 1 proA rich hybrid and 5 QPM
proA hybrids. Eight hybrids are the improved versions of original hybrids, and
  hence called as 'Essentially derived varieties (EDVs)' while one hybrid is
 independently developed by IARI. These 9 are released notified for commercial
    cultivation across the different zones of country. All the QPM hybrids
possessed high lysine (>2.5) and tryptophan (>0.7) compared to lysine (1.5-2.0)
and tryptophan (0.3-0.4) in normal maize hybrids. Similarly, proA rich hybrids
   possessed proA (>5.0 ppm) compared to proA (1.0-2.0 ppm) in normal maize
hybrids. The details of biofortified hybrids developed by IARI are (a) Quality
  protein maize: Pusa HM-4 Improved (AQH-4), Pusa HM-8 Improved (AQH-8), Pusa
HM-9 Improved (AQH-9) (b) Biofortified maize rich in Provitamin A: Pusa Vivek
 Hybrid-27 Improved (APH27) (c) Provitamin A and Quality protein maize: Pusa
 Vivek QPM-9 Improved (APQH-9) and (d) Biofortified maize rich in Provitamin A
    and quality protein: Pusa HQPM-5 Improved (APQH5), Pusa HQPM-7 Improved
    (APQH7), Pusa HQPM-1 Improved, Pusa Biofortified Maize Hybrid-1. These
 biofortified hybrids have been released for commercial cultivation after its
successful testing under AICRP centres. The grain yield performance of EDVs was
at par with original/check hybrid, while the performance of independent hybrid,
  Pusa Biofortified Maize Hybrid-1 was superior over the checks during AICRP
  testing for the three years. These IARI developed varieties can potentially
  provide sustainable solution to alleviate micronutrient deficiency such as
protein energy malnutrition and vitamin A deficiency. 6b. Problems encountered
  The recent advances in plant biotechnology including discovery of molecular
markers have accelerated introgression of the target gene(s), in high yielding
  varieties/lines. Conventional breeding approach to develop QPM genotypes is
     tedious and time consuming. Consequently, introgression of o2 through
 conventional backcrossing becomes demanding due to several reasons viz., (i)
 inability to identify o2 recessive allele in each backcross generations, (ii)
 requirement of about six generations of backcrossing to recover satisfactory
 levels of recurrent parent genome, and (iii) cumbersome biochemical tests of
  lysine and tryptophan levels in the selected materials in each generation.
These steps require enormous labour, time, and material resources. Biofortified
    crops possess great potential to provide food and nutritional security.
However, the area under biofortified crops is too small to amount compared to
     traditional varieties. There are several challenges for adoption and
 popularization of biofortified maize. There is need to widen the genetic base
  of biofortified maize germplasm for the development of more diverse hybrids
  adaptable to various agro-ecologies. The biofortified germplasm should also
possess adequate tolerance to major biotic and abiotic stresses to sustain high
      grain yield. Extensive demonstration of improved biofortified maize
 technologies in the farmers' field need to be undertaken by conducting large
  scale on-farm demonstration. Quality seed production is the major issue for
                meeting the seed demand of biofortified maize.
```

#### 7.3 - Institutional Distinctiveness

7.3.1 – Provide the details of the performance of the institution in one area distinctive to its vision, priority and thrust in not more than 500 words

IARI faculties have brought large number of externally funded project worth Rupees 184.78 crores, and IARI had collaboration with 4 or more Institute in each of 78 externally funded projects. About Rupees 603 lakhs worth new equipments were added to the laboratories. IARI was awarded with Centre for Advanced Agricultural Technology (CAAST) project under National Agricultural Higher Education program with a budget of Rs 1999.68 lakhs for enhancing faculty and student research skills and research outcomes. Under Accessible India Campaign, ramps for wheel chair movement, brail tiled path, toilets and lift facilities were established in different disciplines. Faculty and students have published 655 publications in peer reviewed journals with JCI impact factor, 540 papers in symposia/conferences, 51 books and 285 book chapters. In 2018-19, In food crops, three wheat varieties (HD3226, HD3237 and HI1620), one fine grain quality rice variety (Pusa Samba 1850) and two maize hybrids (Pusa Super Sweet Corn 1 and Pusa Jawahar Hybrid Maize 1) and Eleven varieties/hybrids of different vegetable crops were released for commercial cultivation. GreenSeeker and Nutrient Expert® (NE) as decision support systems for precision nitrogen application was developed which saves up to 26 kg nitrogen/ha and thus reducing the cost of cultivation and adverse environmental impact. During 2018-19, three new rice varieties (PB 1718, PB 1728 and PB 1637), 5 vegetable varieties, Pusa STFR and Compost Inoculant Biofertilizer Technology were licensed to 40 industry partners. The Institute was granted with 6 patents and 6 copy rights. The annual economic surplusgenerated from PB1121 are estimated at Rs. 14707crores during triennium ending 2018-2019 which is12-fold more than the budget of ICAR-IARI and twofold more than the entire ICAR budget during TE2018-19. About 48 of mustard grown area in the Country iscultivated with ICAR-IARI varieties. The average economic surplus generated by IARI mustard variety Pusa Mustard 25 for TE ending 2018-19 wasestimated at Rs. 2919 crore and was allocated Rs.1499 crore to the farmers and Rs. 1420 crores to the consumers. To promote agri-entrepreneurship and startups through Agribusiness Incubation programmes, SAMARTH 2019, UPJA 2019 and ARISE 2019 programs were launched, Under UPJA 2019, 618 applications were received of which 30 applicants were selected and incubated, and 78 on-to-one and group mentoring sessions were conducted. The 57th Convocation of the Post Graduate School of the IARI was held on February 8, 2019. HonbleUnion Minister of Agriculture and Farmers Welfare, Shri Radha Mohan Singh awarded degrees to 239 candidates (123 M.Sc., 22 M.Tech. and 94 Ph.D.) 08 international students. IARI helped complete the establishment of Advanced Centre for Agricultural Research and Education (ACARE) at Yezin Agricultural University, Myanmar, and on 12 December 2018 by Hon'ble President of India, Shri Ram Nath Kovind dedicated ACARE to the people of Myanmar. The Institute was awarded with "Agricultural Leadership Award 2019" by a national agriculture magazine, "Agriculture Today" for helping the country attain and maintain self-sufficiency in food grains and for improving the economic conditions of Indian farmers.

# 8. Future Plans of Actions for Next Academic Year

1. To enhance the research outcome of faculty and students: Selected faculties and students will be trained in the cutting-edge area of genomics through National Agricultural Higher Education program Faculties will be encouraged to bring external funded projects, and to conduct basic and strategic research leading to high quality research publication, patents, copy rights and technologies. 2. To promote agri-entrepreneurship and startups, and mentoring of RKVY-RAFTAAR Agri Business Incubators across the Country. 3. To conduct training programs for upskilling faculty and students of National Agricultural Research System (NARES), and farmers. 4. School-wise plan: a) School of crop improvement: To develop crop varieties with enhanced yield, resource use efficiency and nutritional quality using genomics assisted breeding To map genes and QTLs for yield traits, biotic and abiotic stress tolerance and nutritional quality. b) School of Horticulture: Development of varieties and hybrids of vegetables, fruits and flowers suitable for different seasons and agroclimatic conditions for enhancing nutrition security of consumers and livelihood security of farmers. c) School of Basic Sciences: To identify and decipher the functions of genes in abiotic stress tolerance and nutrient use efficiency of crops by using multiomics, genetic engineering and genome editing approaches Develop methods for promoting nutricereals and healthy food. d) School of Crop Protection: Development of innovative diagnostic tools and management strategy for an early identification and management of important diseases, insect-pest and weeds Pathogenomics for plant disease management reorientation of crop protection research strategies to manage pest and pathogen dynamics as influenced by climate change. e) School of Natural Resource Management: Development of resource management technologies for more crop per drop", Pusadecomposer for in situ decomposition of paddy residues, active molecules forcrop protection, formulations for smartdelivery of crop protection inputs Development of a reliable crop yield forecast system is an imperative for stabilized food security, Multi stage wheat yield estimation using weather-based models andClimate change projections for Indian Agriculture f) School of Social Sciences: Towards enhancing farmers' income and nutritional security, School of Social Sciences, is focusing on recent and sensitive issues which has direct influence on farmers' income such as assessing improved IARI Technologies, impact of Cluster Frontline Demonstration, impact of credit in enhancing household income, performance of different marketing institutions in raising farmer's income, agricultural growth models, ecosystem services and its key determinants, impact and constraints of e-NAM.
