Grievance description

Agriculture Research and Education >> Administrative >> Service and Recruitment >> Administrative Cadre >> ICAR (Indian Council of Agricultural Research)

Office/SMD/Institute : Assistants and Steno cadre

Dear sir/mam

I want to bring to your notice that IARI had conducted an exam on 29th July 2022 for recruitment of ICAR - IARI assistants but the process is in stalemate after more than a year. The result for prelims exam was declared after six months in February 2023, then mains exam was conducted after 4 more months on 21st June 2023. The response key of mains exam of each candidate was uploaded within a week. But still after 3 months the result has not been declared. This organisation last conducted an exam in 2014 and candidates who qualified joined in 2017. They also conducted an exam for ICAR technician which got altogether cancelled after the final list got prepared. In the quoted exam ICAR-IARI ASSISTANTS 2022 there are two more tiers to qualify after mains exam namely computer proficiency test and then document verification before joining. Please help to get the result of this exam as the bright future of our country don't deserve to be kept in limbo during their most energetic years

Name of organisation(s) where grievance is pending 1. Indian Agricultural Research Institute
