

# IARI Salutes its Women Scientists on National Women's day

*Blessed to have a list much bigger than the canvas.....*

*Women is a full circle; within her is the Power to Create, Nurture and Transform*

**GATI**  
Gender Advancement for  
Transforming Institutions

# ICAR - IARI Celebrates

## National Women's Day

(DigitALL: Innovation and Technology for Gender Equality)

on Monday, 13 February, 2023

### Event

- Quiz Competition
- Essay writing competition
- Poster making competition

### Venue

Online mode  
Online mode  
Sharad TV Hall  
@ 5.00 PM

Entry open for all students

[click here](#)

Organized by: PG School and PGSSU, IARI

For More Information Contact:  
Vijay Shree Gahlot: 9782297174,  
Gouthami: 6363617004

RSVP

Dean & Jt. Director (Edu.), IARI

**Note:** link for quiz and essay writing will be open on  
11.00 AM upto 11.00 PM

# Quantum Mechanics Electron Microscope

## Electron microscope

From Wikipedia, the free encyclopedia

An **electron microscope** is a microscope that uses a beam of accelerated electrons as a source of illumination. As the wavelength of an electron can be up to 100,000 times shorter than that of visible light photons, electron microscopes have a higher resolving power than light microscopes and can reveal the structure of smaller objects. A scanning transmission electron microscope has achieved better than 50 pm resolution in annular dark-field imaging mode<sup>[1]</sup> and magnifications of up to about 10,000,000× whereas most light microscopes are limited by diffraction to about 200 nm resolution and useful magnifications below 2000×.
